

233-269 Waubesa Street Properties

**Kipp's Atwood Plant
(facing Atwood Avenue)**

Pipes coming off Kipp's western wall, dripping water into concrete ditch and catchment grates which drains into storm sewer pipe below

Storm grate behind 233 Waubesa empties into catchment basin in storm drain beneath ditch, which then goes under building and eventually to raingarden along bike path

Open /surface concrete ditch

Storm drain pipe beneath open concrete ditch

THIS PUMPER CONNECTION IS ONLY FOR 2824 ATWOOD AVE

Parking lot on corner of Waubesa and Atwood (just repaved)

Runoff goes downhill into this catchment grate , then into storm drain beneath it, which then flows north
