Public Policy

Amy Tutwiler

Attorney at Bell, Gierhart & Moore, S.C.
Middleton Town

Experience

Bell, Moore & Richter, S.C.

Director

2005 - Present (16 years)

Enjoy multifaceted law practice with focus on environmental law, employment litigation and municipal law. Environmental experiences include representing private waste company on local and state environmental permitting and compliance issues and public clients in water and wastewater permitting, regulatory issues and litigation. Appeared before the Wisconsin Supreme Court on case involving surface water rights law. Represent clients in matters involving contaminated property investigation and remediation process, drainage and surface water liability issues. Employment litigation experiences include defending clients charged with discrimination and other employment law violations in local, state and federal administrative proceedings. Other experiences include representing clients in matters involving insurance law and general liability issues.

Anderson & Kent, S.C.

Shareholder

2003 - August 2005 (2 years)

Involved in start-up of new law firm. Continued environmental law practice with experiences in environmental lobbying, regulatory compliance and litigation. Representative experiences included serving client in environmental review and site negotiations for purchase of contaminated property, representing municipality in cases involving contaminated wells, negotiation of state WPDES permits and enforcement and revision of local wastewater regulations. Continued lobbying for municipal wastewater association.

Davis & Kuelthau, s.c.

Associate Attorney

1998 - 2003 (5 years)

Joined established environmental law group to work in areas of state lobbying, regulation and litigation. Maintained an environmental law practice for municipal and private clients with a focus on land remediation and water issues. Experiences included representing clients in various land remediation

matters and application of state and local water regulations. Lobbied on behalf of municipal wastewater association. Represented two municipalities in development of inter-municipal wastewater system.

Axley Brynelson

Associate Attorney

1994 - 1998 (4 years)

Began law practice and obtained diverse litigation and regulatory compliance experience in areas ranging from environmental law, insurance defense, products liability, personal injury and medical malpractice.
